INDEPENDENT AUDITORS' REPORT

October 26, 2021

Board of Trustees
Grand Haven – Spring Lake Sewer Authority
Grand Haven, Michigan

Report on the Financial Statements

We have audited the accompanying financial statements of the Grand Haven – Spring Lake Sewer Authority, (the Authority) as of and for the year ended June 30, 2021, and the related notes to the financial statements, which collectively comprise the Authority's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Grand Haven – Spring Lake Sewer Authority, Grand Haven, Michigan, as of June 30, 2021, and the changes in financial position and cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 3 through 5 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Authority's basic financial statements. The schedule of plant operations and charges and the schedule of debt issued and outstanding are presented for purposes of additional analysis and is not a required part of the basic financial statements.

The schedule of plant operations and charges and the schedule of debt issued and outstanding are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of plant operations and charges and the schedule of debt issued and outstanding are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Uredexeld Haefner LLC

MANAGEMENT'S DISCUSSION AND ANALYSIS

Management's Discussion and Analysis

As management of the Grand Haven – Spring Lake Sewer Authority (the Authority), we offer readers of the Authority's financial statements this narrative overview and analysis of the financial activities of the Authority for the fiscal year ended June 30, 2021. We encourage readers to consider the information presented here in conjunction with additional information that is furnished in the financial statements and notes to the financial statements.

Financial Highlights

- Bond funded projects of over \$10 million were completed during the fiscal year. With funds that were remaining, the Authority is planning other capital projects.
- The Authority reduced rates billed per million gallons to local units for debt to maintain the necessary cash flow to cover annual debt obligations.
- The Authority increased the monthly contribution from local units for capital projects and purchases.

Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction to the Authority's financial statements. The Authority's basic financial statements comprise two components: 1) financial statements, and 2) notes to the financial statements.

The *Statement of Net Position* presents information on all of the Authority's assets and liabilities, with the difference between the two reported as *net position*. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the Authority is improving or deteriorating.

The *Statement of Revenues, Expenses and Changes in Net Position* presents information showing how the government's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, *regardless of the timing of related cash flows*. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., earned but unused compensated absences, accrued interest, etc.).

Notes to the financial statements. The notes provide additional information that is essential for a full understanding of the data provided in the financial statements.

Financial Analysis

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. In the case of the Authority, assets exceeded liabilities by \$9,437,958 at the close of the most recent fiscal year.

A portion of the Authority's net position reflects unrestricted net position which is available for future operation while a more significant portion of net position is invested in capital assets (e.g., land, buildings, vehicles, equipment), less any related debt used to acquire those assets that is still outstanding. The Authority uses these capital assets to provide services to customers; consequently, these assets are *not* available for future spending. Although the Authority's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

Net Position

	<u>2021</u>	<u>2020</u>
Current and other assets	\$ 5,515,898	\$ 6,622,367
Capital assets	17,552,591	18,027,209
Total assets	<u>23,068,489</u>	<u>24,649,576</u>
Current liabilities	700,749	685,108
Long-term liabilities	12,929,782	13,571,517
Total liabilities	<u>13,630,531</u>	<u>14,256,625</u>
Net position		
Net investment in capital assets	7,091,938	8,759,117
Unrestricted	2,346,020	1,633,834
Total net position	<u>\$ 9,437,958</u>	<u>\$10,392,951</u>

The total net position of the Authority at year-end was \$9,437,958; however, \$7,091,938 represents the net investment in capital assets.

Revenues, Expenses and Changes in Net Position

	<u>2021</u>	<u>2020</u>
Operating revenue	\$3,208,085	\$3,345,256
Operating expense	2,663,520	2,524,026
Operating income (loss)	544,565	821,230
Nonoperating revenue (expense)	(485,544)	2,418,395
Contribution in aid of construction	76,952	79,349
Changes in net position	135,973	2,497,744
Net position - beginning of year, as restated	<u>9,301,985</u>	<u>7,073,977</u>
Net position - end of year	<u>\$9,437,958</u>	<u>\$10,392,951</u>

During the year the Authority's net position increased \$135,973 primarily as a result of increased sewage disposal charges. Net position was decreased by \$1,090,966 at July 1, 2020 to reflect the removal of capital assets not owned by the Authority.

Capital Asset and Debt Administration

Capital assets. The Authority's investment in capital assets at year-end amounted to \$17,552,591 (net of accumulated depreciation).

Significant capital purchases during the year consisted primarily of pump station and wastewater main improvements.

The Authority's capital assets (net of depreciation) are summarized as follows:

Land	\$ 575,210
Construction in progress	-
Treatment plant	1,771,367
Pumping stations	11,234,783
Wastewater mains	3,806,871
Equipment	164,360
Total	<u>\$17,552,591</u>

Additional information on the Authority's capital assets can be found in Note 3 of these financial statements.

Debt. At the end of the fiscal year, the Authority had debt outstanding as follows:

<u>Long-term Debt</u>	
Contracts payable to Ottawa County	<u>\$12,780,000</u>

The Authority had no new debt and made principal payments of \$540,000 during the year.

Additional information on the Authority's long-term debt can be found in Note 4 of these financial statements.

Economic Factors and Next Year's Budgets and Rates

The following factors were considered in preparing the Authority's budget for the 2021-22 fiscal year:

- The Authority continues to review rates billed to local units for the annual operations, debt obligations, and capital purchases.
- The Authority continues to seek efficiencies in plant upgrades and processes.
- Continual review of requirements for outflow testing is monitored

Requests for Information

The City of Grand Haven provides, by contract, fiscal and administrative services to the Authority. This financial report is designed to provide interested individuals including citizens, property owners, customers, investors and creditors with a general overview of the Authority's finances and to show the Authority's accountability for the money it receives. If you have questions or need additional financial information, please contact us at 519 Washington Avenue, Grand Haven, MI 49417 or call or email us as noted below:

Noncash capital and related financing activities:

\$76,952 in bond principal payments were made by the cities of Grand Haven and Ferrysburg directly to Ottawa County Public Utilities.

\$1,113,284 in capital asset additions were purchased with deposits held by Ottawa County Public Utilities from unspent 2018 bond proceeds issued by Ottawa County Public Utilities on behalf of the Grand Haven - Spring Lake Sewer Authority.

\$2,569 in interest was added to deposits held by Ottawa County Public Utilities as a result of unspent 2018 bond proceeds issued by Ottawa County Public Utilities on behalf of the Grand Haven - Spring Lake Sewer Authority.

The accompanying notes are an integral part of these financial statements.

(This page left intentionally blank)

GRAND HAVEN – SPRING LAKE SEWER AUTHORITY

NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED JUNE 30, 2021

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accounting policies of The Grand Haven – Spring Lake Sewer Authority (the Authority) conform to generally accepted accounting principles as applicable to governments. The following is a summary of the significant policies.

Reporting Entity

The Authority was incorporated under the terms of Act 233, Public Acts of Michigan of 1955 for the purpose of constructing, owning, and operating a sewage disposal system for its participating municipalities: the City of Grand Haven, the Village of Spring Lake, the City of Ferrysburg, the Township of Spring Lake, and the Charter Township of Grand Haven.

Under a contract executed in 1974 and subsequently amended, the City of Grand Haven (the City) is operating and maintaining the Authority's property. Monthly operating expenses are billed by the City to the constituent municipalities for their proportionate share of those expenses.

As required by generally accepted accounting principles, the financial statements of the reporting entity include those of the Authority. There are no component units to be included. The criteria for including a component unit include significant operational or financial relationships with the Authority.

Measurement Focus and Basis of Accounting

The financial statements are reported using the *economic resources measurement focus* and the *accrual basis of accounting*. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows.

Basis of accounting refers to when revenues and expenditures are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurements made, regardless of the measurement focus applied.

The Authority distinguishes operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with the Authority's principal ongoing operations. The principal operating revenues of the Authority are charges for services. Operating expenses of the Authority include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

When both restricted and unrestricted resources are available for use, it is the Authority's policy to use restricted resources first, then unrestricted resources as they are needed.

Cash and Pooled Investments

For the purpose of the statement of cash flows, the Authority considers cash and pooled investments to be cash and cash equivalents because the pooling of these balances allows for withdrawal of these balances at any time similar to a demand deposit account.

GRAND HAVEN – SPRING LAKE SEWER AUTHORITY

NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED JUNE 30, 2021

Set-aside Cash and Cash Equivalents

The Board of Trustees has set aside cash in the amount of \$1,446,274 at year-end for future capital improvements. The related cash and cash equivalents are reported as current assets on the statement of net position.

Investments

State statutes and Authority policy authorize the Authority to invest in:

- a. Bond, securities, other obligations and repurchase agreements of the United States, or an agency or instrumentality of the United States.
- b. Certificates of deposit, savings accounts, deposit accounts or depository receipts of a qualified financial institution.
- c. Commercial paper rated at the time of purchase within the two highest classifications established by not less than two standard rating services and that matures not more than 270 days after the date of purchase.
- d. Banker's acceptances of United States banks.
- e. Obligations of the State of Michigan and its political subdivisions that, at the time of purchase are rated as investment grade by at least one standard rating service.
- f. Mutual funds registered under the Investment Company Act of 1940 with the authority to purchase only investment vehicles that are legal for direct investment by a public corporation.
- g. External investment pools as authorized by Public Act 20 as amended.

Receivables

All receivables are reported at their net value. Allowance for uncollectible receivables was immaterial at year-end.

Due from Other Governments

The amount due from participating municipalities for their outstanding operating charges at year-end totaled \$706,508.

Inventory

Inventory consists principally of chemicals which are used for operations. Inventory is stated at cost using the first-in first-out (FIFO) method.

Prepaid Items

The Authority made payments prior to year-end for services that will be performed in the next fiscal year. In these situations, the Authority records an asset to reflect the investment in future services.

Deposits with Other Units of Government

Deposits with others consist of remaining bond proceeds held at the Ottawa County Public Utilities System for the purposes of the completion of plant renovations and improvements.

GRAND HAVEN – SPRING LAKE SEWER AUTHORITY

NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED JUNE 30, 2021

Capital Assets

Capital assets are stated at cost and include items defined by the Authority as assets with an initial, individual cost of more than \$5,000 and an estimated useful life in excess of one year. Such assets are valued at cost where historical records are available and at an estimated historical cost where no historical records exist. Donated capital assets are valued at acquisition value (the price that would be paid to acquire an asset with an equivalent service potential in an orderly market transaction) on the date received.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend asset lives are not capitalized. Improvements are capitalized and depreciated over the remaining useful lives of the related capital assets, as applicable.

Depreciation on capital assets is computed using the straight-line method over the following estimated useful lives:

	Years
Treatment plant	5-40
Pumping stations	6-40
Wastewater mains	40
Office, laboratory and transportation equipment	5-45

Due to Other Governments

The amounts due to the City of Grand Haven for payment in lieu of taxes, motorpool charges and other items were \$13,255 at year-end.

In addition, all operating personnel of the Authority are employees of the City of Grand Haven. Amounts due to operating personnel for accrued wages, health benefits, and compensated absences are shown in the financial statements as due to other governments. The amounts due to the City for these costs at year-end were \$58,017.

Long-term Obligations

Long-term debt and other long-term obligations are reported as liabilities in the statement of net position. Where applicable, bond premiums and discounts are deferred and amortized over the life of the bonds using the effective interest method. Issuance costs are reported as an expense in the year of issuance.

Risk Management

The Authority is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. During the year the Authority carried commercial insurance to cover risks of losses. The Authority has had no settled claims resulting from these risks that exceeded their commercial coverage in any of the past three fiscal years.

GRAND HAVEN – SPRING LAKE SEWER AUTHORITY

NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED JUNE 30, 2021

2. DEPOSITS

The captions on the financial statements relating to cash and cash equivalents are as follows:

Cash and pooled investments	\$1,028,929
Set-aside cash and cash equivalents	<u>1,446,274</u>
Total	<u>\$2,475,203</u>

Cash and investments making up the above balances are as follows:

Deposits	\$1,974,831
Investments	500,272
Petty cash	<u>100</u>
Total	<u>\$2,475,203</u>

The deposits are in financial institutions located in Michigan. State policy limits the Authority's investing options to financial institutions located in Michigan. All accounts are in the name of the Authority. They are recorded in the Authority's records at fair value. Interest is recorded when earned.

Investments

The Authority chooses to disclose its investments by specifically identifying each. As of year-end, the Authority had the following investments:

	<u>Maturity</u>	<u>Fair Value</u>	<u>Rating</u>	<u>Source</u>
Michigan CLASS pool	N/A	\$500,272	AAAm	S&P

Investment and Deposit Risk

Custodial Credit Risk - Deposits. Custodial credit risk is the risk that in the event of a bank failure, the Authority's deposits may not be returned. State law does not require, and the Authority does not have, a policy for deposit custodial credit risk. As of year-end, \$1,974,831 of the Authority's bank balance of \$1,724,831 was exposed to custodial credit risk because it was uninsured and uncollateralized.

Interest Rate Risk. State law and Authority policy limit the allowable investments and the maturities of some of the allowable investments as identified in Note 1, the summary of significant accounting policies. The Authority's investment policy does not have specific limits in excess of state law on investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

Credit Risk. State law limits investments to specific government securities, certificates of deposits and bank accounts with qualified financial institutions, commercial paper with specific maximum maturities and ratings when purchased, bankers acceptances of specific financial institutions, qualified mutual funds and qualified external investment pools as identified in Note 1, the summary of significant accounting policies. The investment policy does not have specific limits in excess of state law on investment credit risk.

GRAND HAVEN – SPRING LAKE SEWER AUTHORITY

NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED JUNE 30, 2021

Custodial Credit Risk - Investments. For an investment, custodial credit risk is the risk that, in the event of the failure of the counterparty, the Authority will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. State law does not require and the Authority does not have a policy for investment custodial credit risk. The above investment is invested in an external investment pool for which the Authority's custodial credit risk exposure cannot be determined because the external investment pool does not consist of specifically identifiable securities.

Concentration of Credit Risk. State law limits allowable investments but does not limit concentration of credit risk as identified in Note 1, the summary of significant accounting policies. The Authority's investment policy does not have specific limits in excess of state law on concentration of credit risk. All investments held at year-end are reported above.

The Authority categorizes its fair value measurements of investments within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs.

The Authority has the following recurring fair value measurements as of year-end.

- The Authority does not have any investments that are valued using quoted market prices (Level 1 inputs).
- Michigan CLASS pool is valued using a pricing model utilizing observable fair value measures of fund/pool investments and other observable inputs to determining the fair value of the securities making up the of investments fund/pool (Level 2 inputs).
- The Authority does not have any investments that report fair value based on significant unobservable inputs (Level 3 inputs).

3. CAPITAL ASSETS

Capital asset activity for the year was as follows:

	Balance July 1, 2020	Additions	Deletions	Balance June 30, 2021
Capital assets, not being depreciated				
Land	\$ 575,210	\$ -	\$ -	\$ 575,210
Construction in progress	10,554,286	1,186,491	11,740,777	-
Total capital assets, not being depreciated	11,129,496	1,186,491	11,740,777	575,210
Capital assets, being depreciated				
Treatment plant	9,622,474	513,631	386,228	9,749,877
Pumping stations	5,373,654	8,954,145	647,907	13,679,892
Wastewater mains	3,257,496	1,188,526	-	4,446,022
Office, laboratory and transportation equipment	691,920	12,873	249,622	455,171
Total capital assets, being depreciated	18,945,544	10,669,175	1,283,757	28,330,962

GRAND HAVEN – SPRING LAKE SEWER AUTHORITY

2037-2041	1,715,000	103,600
Total	\$12,780,000	\$4,772,775

GRAND HAVEN – SPRING LAKE SEWER AUTHORITY

NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED JUNE 30, 2021

All outstanding debt of the Authority is private placement debt.

The Authority charges participating municipalities to fund the payments of contracts payable to Ottawa County based on the volume of wastewater flow from each municipality. The Authority and the participating municipalities have pledged their full faith and credit for the repayment of the contracts. In the event of default, the Authority will be required to use general operating funds or levy an additional charge sufficient to pay the obligation, subject to applicable constitutional, statutory, and charter limitations.

5. COMMITMENTS

At year-end, the Authority had outstanding commitments of approximately \$470,000 for construction projects.

6. RETIREMENT BENEFITS AND NET OTHER POST-EMPLOYMENT BENEFITS

The Authority leases employees from the City of Grand Haven, Michigan, which participates in a single-employer defined benefit pension and single employer defined benefit and defined contribution healthcare plan. The Authority pays the actuarially-determined annual costs of retirement and OPEB benefits to the City during the fiscal year.

7. CONTINGENCIES

In the normal course of its activities, the Authority has become a party in various legal actions and subject to certain asserted or unasserted claims and assessments. The Authority is of the opinion that the outcome of any pending actions will not have a material effect on the Authority's financial position or results of operations.

8. PRIOR PERIOD ADJUSTMENT

Beginning net position of the Authority was decreased by \$1,090,966 to reflect the removal of capital assets that are not owned by the Authority.
