Once an application is deemed complete, a petitioner will be scheduled for a public hearing on the next available slot on the Planning Commission’s agenda, which will be at least 26 days after submission of the application, but within forty-five (45) days of the submission of a complete application prepared in accordance with this Zoning Ordinance.

**Notice of Public Hearing:** The City shall, not less than 15 days before the date of the public hearing, serve written notice, either in person or by regular mail, to the owners and occupants of the property within 300 feet in each direction of the lot line of the subject property, pursuant to section 40-122 of the Zoning Ordinance.

**Attendance:** It is requested that the petitioner or a representative be present at the hearing to answer any questions the commissioners may have on the request or on the property involved.

**Recommendation:** Following the public hearing and review of the proposed zoning change and supporting data, the Planning Commission shall recommend approval, modification, or disapproval and the reasons therefore, to the City Council.

**Approval:** The Council, after receipt of the recommendation, shall approve, disapprove or modify the request. In case of approval, the Council shall pass an amendatory ordinance granting the zoning change. This ordinance must be read by the City Council two times prior to its approval and final adoption.

### FACTORS FOR THE PLANNING COMMISSION TO CONSIDER

Excerpt from section 40-121 of the Zoning Ordinance:
Prior to making a recommendation on the proposed amendment to the city council, the planning commission shall consider the factors specified as follows:

A. If the proposed amendment is a map amendment (rezoning), the planning commission shall consider the following:
   1. If the proposed zoning amendment is consistent with the city’s adopted master plan.
   2. If the proposed zoning amendment is consistent with recent development trends in the area.
   3. If the zoning amendment is compatible with existing or future land uses in the vicinity of the subject site or throughout the zoning district(s) affected by the proposed amendment.
   4. If existing or planned public infrastructure, including streets, sanitary sewers, storm water, water, sidewalks, and street lighting are capable of accommodating potential changes in land use resulting from the proposed amendment.
   5. If the proposed amendment is consistent with the intent and purpose of this ordinance and whether the proposed amendment would protect the health, safety, and welfare of the city.

B. If the proposed amendment is a text amendment, the planning commission shall consider the following factors:
   1. If the proposed text amendment would clarify the intent of the ordinance or correct an error.
   2. If the proposed text amendment would address changes to state legislation, recent case law, or opinions from the Attorney General, or promote compliance with changes in other county, state or federal regulations.
3. In the event the amendment will add a use to a district, if the proposed use is fully consistent with the character of the range of uses provided for within the district, and that the amendment will not create incompatible land uses within a zoning district, or between adjacent districts.

4. If the proposed amendment is supported by the findings of reports, studies, or other documentation on functional requirements, contemporary building practices, environmental requirements, and similar technical items.

5. If the proposed amendment is consistent with the city’s ability to provide adequate public facilities and services, and is consistent with the city’s desire to protect the public health, safety, and welfare of the community.
