

## Lighthouse Award

We choose to go to the moon.  
We choose to go to the moon in this decade and do the other things, not because they are easy, but because they are hard, because that goal will serve to organize and measure the best of our energies and skills, because that challenge is one that we are willing to accept, one we are unwilling to postpone, and one which we intend to win.

*President John F. Kennedy, Rice University, September 12, 1962*

## Lighthouse Award

In his 1962 speech at Rice University, President John F. Kennedy spoke of the courage and perseverance it would require for America to reach the surface of the moon. His words were an inspiration for a generation of Americans.

These words resound today in Grand Haven. The goal of our City is to recognize the spirit of accomplishment. The triumph of excellence over indifference serves to elevate us all, and the City of Grand Haven can serve by recognizing such efforts when they are found among our citizens and our employees.

The City Council will recognize two winners each year – one citizen and one City employee. The Citizen will be selected by the Human Relations Commission and the employee will be selected by a committee of employees from different departments. Please use this form to nominate an individual who serves as a role model for the rest of us; one who never takes the easy way out and who gives us all a boost because of their positive attitude of accomplishment and success.
