The Special Work Session of the Grand Haven City Council was called to order at 7:00 p.m. by Mayor Bob Monetza in the Council Chambers of City Hall.

Present: Council Members Mike Dora, Ryan Cummins, Dennis Scott, Mike Fritz, and Mayor Bob Monetza.

Absent: None.

Others Present: City Manager Patrick McGinnis, City Clerk Linda L. Browand, Assistant to the City Manager Ashley Latsch, Community Development Manager Jennifer Howland, Public Safety Director Jeff Hawke, Public Works Director Derek Gajdos, Main Street Director Jeremy Swiftney, and Public Safety Officer Kelvin Miller.

1. **High Water Impacts**
   - Derek Gajdos, Public Works Director

Public Works Director Gajdos reviewed the information presented in the agenda packet. The recommendation was to do the 2 lowest-cost projects – Harbor Island Drive/US 31 and Coho Drive/3rd Street. The majority of the cost would have to come out of the resurfacing program with the postponement of other projects.

Council agreed that the City should start with these 2 projects.

Mayor Monetza expressed a safety concern with keeping the boat launch open next season. The Corps of Engineers expected water levels to be 1 foot higher this year. The City also should keep in mind that there might even be water on the boardwalk this year.

Council Member Fritz noted that the City also needed to look at ways to mitigate the area at 5th and Madison. Public Works Director Gajdos responded that his department would try to help out as much as possible.

City Manager McGinnis gave a brief update on the legislation in Lansing. He noted there would be a House hearing this Thursday to consider high water impacts around the state. Discussions were being held not only locally but statewide and nationally about high water level issues.
2. **Adjournment**

After hearing no further business, Mayor Monetza adjourned the meeting at 7:25 p.m.

Robert Monetza, Mayor

Linda L. Browand, City Clerk
