

# Lighthouse Connector Park

City of Grand Haven  
Harbor Avenue  
1,700 L.F. (+/- 4.0 Acres)

## Overview

Lighthouse Connector Park, 1,700 feet in length, located along the Grand River between Harbor Drive and the channel, provides a connection between Bicentennial Park and the Lake Michigan South Pier. The primary function is a linear walkway which is active with a mix of walkers, joggers and bicyclists. Benches are popular for resting and channel views. A few parking spaces are located along Harbor Drive which all have views of the channel, making them popular year round.

## Amenities and Facilities

- Lighted Walkways
- Ice Cream Shops
- Benches
- Art Sculptures
- Connected to Grand Have Waterfront Trail

## ADA Review

The entire walkway is ADA accessible. Benches are user friendly with arms and backs, located on concrete and wood deck sections. Accessible parking is signed.
